Moving on the floor through broke glass
Twitching from before in neutoric dance
The voices in my brain telle me it won't last
Because the fire in my soul is iconoclast
Reaching out for the nuclear war
Dancing around like a broken whore
I looked inside just to see the whole
Only saw decay rotted to the core

The heart and mind has lost it's grace
Bleeding it dry for the human race
The heart and mind has lost it's grace
Bleeding it dry for the human disgrace

Like i'm falling
Like i'm falling
Like i'm falling
Like i'm falling

They dance in circles
They plot their murders
They plot their murders
They plot their murders
They plot their murders

Like a kiss in my eyes
Like the cut on my lips
Like a bullet in the head, better off dead
Like I'm falling

Like I'm falling
Like I'm falling

Slashing yourself for the future dream
You've lost your soul like a stupid machine
Living the lie is not what it seems
When you fool yourself to live another's dreams
Slashing myself for the future dream
I've lost my soul like a stupid machine
Living the lie is not what it seems
When I fool myself to live another's dreams

They dance in circles, they plot their murders
They dance in circles, they plot their murders
They dance in circles, they plot their murders
They dance in circles, they plot their murders

Like the cut on my lips, like a kiss on my eyes
Like a bullet in the head, better off dead
Like I'm falling
Like I'm falling
Like I'm falling
Like I'm falling
Like I'm falling
Falling
