Here we are - coming apart  
Well we were through, from the start  
Love is not your thing  
You don't hear, without listening  
You don't know what to do, with it...

You don't mean a thing to me  
Losing you's all right by me  
Never knew someone could be  
So in love with using me...

There I was  
Hanging on to you  
Thinking you were cool  
You were never looking out for me  
All the time - lookin' out for you you were never looking  
out for me  
All the time - lookin' out for you

Had to find something new  
I was evolving  
I didn't know what else to do with you??  
Could a been so much better than it was  
We were appalling  
So I'm told  
And now you know...  
I didn't know what to do  
I don't care...  
I didn't know what to do  
That you're not there  
You're not around  
I never knew what to do, with you  
Don't mean a thing to me  
Baby don't mean a thing  
If I see you??  
I wouldn't know what to do, with you...

You don't mean a thing to me

Losing you's all right by me  
Never knew someone could be...  
---- I don't care  
Baby no I don't care  
---- I don't care  
Ooo ooo oooo  
---- I don't care  
Baby no I don't care  
---- I don't care  
Ooo ooo ooo

Coulda been so much better, than it was  
So it goes.....  
--- and now we know...  
Now we know  
And now I know what to do  
And now I know what to do  
And now I know what to do  
Never knew someone could be...  
Never knew, someone could be...
