all over there, you sit here, wishing and dreaming you  
were not here, now is the time to wash away the fear.  
she she bleeds red, she she bleeds red, she cries.  
whisper in pain, in love again, it's scary, it's like a dying  
flower, so what's the use, in trusting you again, again,  
again, wired eyes see right through me, she bleeds  
red, she cries. it's like a dream, but only backwards,  
inside where you hide all your pain. into me, i lied to  
you, always again, what is the difference, when your  
life is nothing but some slavery... she she bleeds red,  
she she bleeds red, red, red, red, red, red, red, red  
red, she bleeds red!
