For many years, I've taken many screams and tears  
from you, I can't  
Can't understand, why you don't even care if I am dead  
or not

Can't realize, We just, keep argue every day night, I  
pray  
Pray For That Day, When you, could be a dear and go  
away from me

Now I'm the one who's telling you

I'm burning inside, and you know I've cried. I'm burning  
inside  
I'm burning inside, My hate ain't no lie. I'm burning  
inside

What Can I say, I never thought that we end up this  
way, I won't  
Won't spend A Day, to grief, about that day when I first  
saw you face

Now I'm the one who's telling you

I'm burning inside, and you know I've cried. I'm burning  
inside  
I'm burning inside, My hate ain't no lie. I'm burning  
inside

So Now I know, where your heart is, where my pain is  
And don't be sad, you have played me for a fool, now  
there's nothing you can do

I'm burning inside, and you know I've cried. I'm burning  
inside  
I'm burning inside, My hate ain't no lie. I'm burning  
inside
