"Closer"

Right now it feels, just like you're far away, further than
you've ever been
Can't understand, why we're breaking up, just because
we can...

We're getting far away..from eachother...
We're getting far away...from this thing we have!
We're getting far away..from eachother
I don't know, you're maybe right, but I don't want to say
goodbye.

I just want to bring you closer . "I do!"
Cause I sure don't want to loose you.. "Dont go!"
But I can't pretend that we have no end
And you may not think I care, but this life we live ain't
fair

You used to be, what I turned to when, anything was
wrong or bad
But now I can't tell a word to you, even if I'm glad

We're getting far away..from eachother...
We're getting far away...Hey, and i'm "not" glad!
We're getting far away..from eachother
I don't know, you're maybe right, but I don't wanna say
goodbye.

I just want to bring you closer . "I do!"
Cause I sure don't want to loose you.. "Dont go!"
But I can't pretend that we have no end
And you may not think I care, but this life we live ain't
fair
