Such a sweet transition
You've made since that picture
"You looked like hell"...you laugh, I cry

This is just a mixture
Of two ghastly fictions
Just keep on laugh....you'll bow, you'll cry

Taste my fist?... I wonder..
Should I even bother?
Your god damn lies , stay on my mind

Getting sick of blunders!
I'm not going under!
Stay out of sight, I might just bite!

This is just another day
Not a "new life" as they say
Cause I'm here, still got my scars
Won't it matter who I wore?

This is just another day
Not a "new life" as they say
Cause I'm sure you don't
You don't feel anything at all!
