"THE INDIAN RIVER"

Always sit on the riverside
Think about my life
On a bright autumn day
I understand that my life's so wrong
But I ignored all
The things you told me
Somewhere far away from home
I might find all
Iâ€™m looking for
I tried to leave my past
behind the wall
I built around me
Always looked for an answer
But couldnâ€™t find
Saw my river flowing by
I tried to leave and wondered why
Because I found the truth inside
