"Tell Tommy I Miss Him"

Tommy my sweet heart has gone now
He's up in the heaven somewhere so little star high
above
If you see Tommy tell him all my love
'Tell Tommy I love him, tell Tommy I miss him
Tell him thro' I may cry, My love for her will never die'
He drove his car in the stock car race
To win money so we could wed
He wanna so much to make me his wife
Mow my lovely Tom though he lost his life
I'm so lonely without him near
Oh, how I miss his warm embrace
I love no other, I want him to know
Oh little star please tell him so
Although he wanted to give me the world
Why did he do such a reckless thing
Little star he should realize
I was wretched and mean when he looked into my eyes
'Tell Tommy I love him, tell Tommy I miss him
Tell him thro' I may cry, My love for her will never die
