The big Boss he coming, you know I'm saying  
Boss of All Bosses, y'all gotta go get that shit  
Rap Hustling Vol. 1, you know I'm saying  
My first mix tape, fuck with a hustler

[PJ]

Niggaz hate to see me on the top, calling shots  
I don't give a fuck, if you like me or not  
Stay the fuck out my face, I don't entertain hate  
I'm a hustler no doubt, I'm controlling my fate  
I got God on my side, I'm protected when I ride  
Po' some liquor on the curb, for the all soldiers that  
died  
On the mic I'm a beast, from the West to the East  
I done been through it all, I was raised by the streets  
Coming up shit was hard, in the game with no rules  
I got kids to look after, my shorties need shoes  
Police on my block, it's another murder scene  
Selling crack to the fiends, gotta stack me some green  
Keep a gat on my waist, with a clip full of shells  
First nigga try to test me, watch I send him to hell  
Never stop until it's over, nigga fight to the end  
This for all my niggaz dead, or locked up in the Penn  
what
