We are Champions  
We have Returned to Arms, bitch  
Choose two handed or dual wield  
One hand weapon with a shield  
Bashing slashing use the points  
When you level learn new skills  
We are Champions  
We have Returned to Arms, bitch  
Played for hours  
Haven't showered  
All my stat points  
Straight to power

Yes, Rallos Zek is a pain in my fucking neck  
Not as much as Mithaniel Marr  
Hate pushing rocks so I talk to Natasia  
Villains are the cooler bunch by far  
New quest, travel to the plane of Storms  
Gotta sell some shit back at the shop  
Snowrillas, will attack you by the swarms  
Gotta loot their items when they drop

We are Champions  
We have Returned to Arms, bitch  
Choose two handed or dual wield  
One hand weapon with a shield  
Bashing slashing use the points  
When you level learn new skills  
We are Champions  
We have Returned to Arms, bitch  
Played for hours  
Haven't showered  
All my stat points  
Straight to power

God damn hippie ninjas jumpin' in my grill  
Summoning my badger Lester...call to find  
Help the mermaid...fist her conch  
Stabbing tiny penis creatures...in the eye  
Ogres fartin' in my face, smell like doo doo bomb  
Stinky, stinky, stinky, stink canal

Prancin' 'round the plane of fear, with my dick erect  
Cazic Thule is my salami pal

My pants are much stronger than yours  
Perfected bull rune  
I've got two more slots for some augs too  
(I need more mana)

We are Champions  
We have Returned to Arms, bitch  
Choose two handed or dual wield  
One hand weapon with a shield  
Bashing slashing use the points  
When you level learn new skills  
We are Champions  
We have Returned to Arms, bitch  
Played for hours  
Haven't showered  
All my stat points  
Straight to power

Hey, hey, wanna join our party?  
Play on legendary?  
Hey, hey, wanna eat some smarties?  
Or is it too scary?  
Use my Caulkteez, use my Hjorn Nii  
Or my N-word roth  
I use Pusserton, I use Peckeroth  
Getting late, time to turn it off

Mammoth boner, high five!
