Chorus

I want to hold on
But I need to let go
I want your love
But its painin' me so
I want to grasp on
To the words that you speak
I want you to know
Just how I feel, oh yeah

I need your love
And I know you need mine
Been thinking so hard
But I just gotta show
Just how I feel
Yeah just how I feel inside (growl)

Chorus

The words that you share
Turned out in a lie
You told me you loved me
Found out that you lied
I feel your pain
When I hear your voice
But sometimes I
Know just how you feel

Chorus

Yeah... just how I feel
Just how I feel inside
I thought we would be
Together forever!

Chorus
