She Takes it  
She Grabs it  
Holds on to it forever  
What do you got now  
not a life.never!

You see when you confront her  
she just glares you in the eye  
But you know in your heart  
that youre going to die  
As you see it in the sky, u think to yourself  
what am I gonna do!?!?!  
As you see it fly by you say.FUCK YOU!

Chorus X2  
She takes it  
She grabs it  
She steals your life away  
Never ever ever EVER! to see the light of day

You know you want it back  
to live your life again  
Now you live your life in a world of stupid white men!  
It seems cold, gloomy, dark and grey  
But you know that your life is on a short delay

60 seconds and you know your life is over  
There is no turning back  
what you now have done  
You say to yourself man  
I fucking loathe her!

Chorus X2

10 seconds remain as you  
Are about to end your life  
You take whats beside you, a old rusty knife  
You stab it into you, coursing you in pain  
You know all along you lived your life in vain

What are you going to do now

As you lay in a pool of blood  
You know think that it was better  
To be in a mosh-pit full of mud  
Now you know not to sell your soul  
To the soul-taker...  
Now you live your afterlife answering  
To the grim reaper!

Chorus
