Life is a luxury, that I was not given,
And my existence is a living hell
Trapped in a box left to wait ,
Left with nothing,
But myself
But you opened up the box
And let my soul free
Only
To be
Trapped again

Pre-Chorus

Ive hit a crossroad, but Ive got no directions,
To my left is all I am,
To my right what I could be,
But I have no clue where I should go, because straight
ahead is you.

Chorus

Not a single word of wise,
In a world full of hate,
A world full of lies,
In a world without face
And I, Im stuck in this box called life

This maze that you call life
Has given me nothing but great grief
I need someone to help me,
Get me the hell outta this place
The walls are closing in
And every thing is getting dark
I guess I must be stuck again
In this goddamn little box
