I think I love you baby don't mess around with my heart,
I think I love you baby don't mess around with my
heart!

Well you can roll your jeans and don't be slow
When you get hot we can go-go-go!
I think I love you baby don't mess around with my heart

I got money in my pocket we're gonna shake all the
barn,
I got money in my pocket we're gonna shake all the
barn!

Sippin' cherry cokes tellin' corny jokes,
When you get together want more-more-more!
I got money in my pocket we're gonna shake all the
barn!

Â

Well we can go-go-go,
Baby can do-do-do,
Baby want more-more-more,
I think I love you baby don't mess around with my
heart!

Â

I'm gonna merry you sweetie waitin' for the
honeymoon,
I'm gonna merry you sweetie waitin' for the
honeymoon!
Well you can call your mama ask what to do,
When you get know we can do-do-do,
I'm gonna merry you sweetie waitin' for the
honeymoon!

Â

Well we can go-go-go,
Baby can do-do-do,
Baby want more-more-more,
I think I love you baby don't mess around with my
heart!
