Well I'm so lonely everybody's got a date!
Well I'm so lonely everybody's got a date!
I'm so lonely everybody's got a date but me.

Well I'm so horny I wanna be your lover boy!
I'm so horny I wanna be your lover boy 'til morn'!
Well I'm so lonely I'm so blue...
I'm so lonely everybody's got a date but me!

Well! But me!

Well I'm flat broke I can't get you anything...
I'm flat broke, I can't give you anything but me!

Well I'm on fire be my little cutie boy...
I'm on fire be my little cutie boy!
Well I'm so lonely I'm so blue
I'm so lonely everybody's got a date but me!
