Jumpin' around flippin' on the way
Just jumpin' around flippin' on the way...
Away, away, away...

I got a girl, i got the rhythm
I gotta twirl, I got a record machine
I rock my mind when you're so kind
But all I care about is jumpin' around!

Jumpin' around flippin' on the way
Just jumpin' around flippin' on the way...
Away, away, away..

I got a car, I got my dreams
I got a job down the liquor store
You take my time all through the night
But all I care is jumpin' around

Jumpin' around flippin' on the way
Just jumpin' around flippin' on the way...
Let's jump gang, jumpin' around...
(repeat)

I lose my blues, I get my jeans
I heard a news, There's a band in town
I'm goin' out I'm being loud!
And all I care about is jumpin' around

Jumpin' around flippin' on the way
Just jumpin' around flippin' on the way...
Away, away, away...
