Well, my gal is like the hot rod wheels
never slows down on her way
She bought car and drives me wild
'Cause she can't wait!

My babe's got an automobile...
Tears along the road like a little devil
My babe's got an automobile

Well, 1-2-3 she's ready to race
I hope she'll breast the tape
My gal's got a car just a couple of days
It's faster than a standard make!

My babe's got an....

Drive, drive, drive along baby...
She teares along like a litle devil
My babe's got an automobile

Well, the whole gang's proud of my baby's car
I turn up the radio
We hear the news, We hear the blues
If you get ready then go!
My babe's got an automobile

Well, my gal is like the hot rod wheels
never slows down on her way
She bought car and drives me wild
'Cause she can't wait

Drive, drive, drive...
