Hey Rocket -O, let's go down to the Earth!  
Well I'm came from the Mars and my skin is green  
Rocket-O.  
Well I heard a new style called rock and roll,  
I wanna know how to do the bop on the floor,  
We came from the Mars with my spacemobile Rocket-O.

Well my little green baby digs the brand new style  
Rocket -O.  
Well my little Mars baby digs the rock and roll,  
She knows how to do the bop on the floor,  
We came from the Mars with my spacemobile Rocket-O.

Ooh-Eeh!  
1-2-3-4-5 Rocket -O!  
We came from the Mars with my spacemobile Rocket-O.

Rocket -O!

Well my spacemobile turned to a shiny blue car Rocket  
-O.  
Well it knows the rock, it knows the roll,  
It knows the bop on the hardwood floor,  
We came from the Mars with my spacemobile, Rocket-  
O.

Ooh-Eeh!  
1-2-3-4-5 Rocket -O!  
We came from the Mars with my spacemobile Rocket-O.

Ooh, Rocket -O!  
Well, Rocket -O!  
Baby, Rocket -O!

Yeah!
