BREAKTHROUGH

I heard them talking in class again today

About the party goin on tonight.

And I felt so far away from everyone again

I wish that I was talking too.

(chorus)

I can't speak up and I feel so left out

Inside I'm screaming and I need to shout.

And I feel so alone when I'm sitting with you

I made up my mind gonna breakthrough

I heard them laughing all over today

Yea an inside joke I'll never know.

Another story that I'll never have a part in;

Another chance that I let go.

(chorus)

(3x):

But how do I get started

Where do I begin

Where did I go wrong

I gotta find a way in.

Don't tell me it's too late, cause things can always

change

I gotta set things straight

It's time to re-arrange
