UNSEEN MAN

I take a look around

to see whats going down

everything always seems to go my way

I think about my life

without its pain or stryfe

i like to take it in all day by day

Chorus: Unsen Man are you there....are you invisible or
does anybody care 2X

So how does it feel

to have to lie and steal

just to find a way to survive

so whats at stake

and what will it take

just to try and keep him alive

and is it his fault

that hes trapped in a vault

where no one even cares

and if you pass him by

will you ask him why

or will you just stop and stare

Bridge:

The hardest times in my life

dont compare to a night on a concrete bed

oh god please help me to get it right

ill try and help him anyway i can
