Yay Yay Yay Yay [x3]

[Refrain:]

Eenie Meenie Minie Mo,
Found my kind won't let 'em go,
If I'm treated right you know,
I'll be back for more.

I can feel you undressing me with your eyes,
But I did not mind, I kinda smiled just thinking 'bout
where we could be.
I can't remember when or where we met,
But how could I forget,
The little things you said to me.

Like every gate will need it's key,
And you're the one that opened me,
Baby come by anytime...

[Chorus:]

Think about last night,
You know you had me feeling good,
More than anyone should,
And I can't wait to get you back, relax because
tonight,

I'm gonna make you feel alright,
So baby, come enjoy the ride,
Cause I am gonna freak you out,
Think about last night.

[Refrain:]

I can feel the chills running up my spine,
The memory of how you body melted into mine.
I can still taste you on my lips,
Lips so soft that I lost it from moment that we kissed.

Every time I think of us,
I can't help but fell rush,
Now I know how love can be...

[Chorus:]

[Refrain: x2]

I was lost adrift at sea,
You came along and rescued me,
Baby won't you set me free...

[Chorus: x2]

[Refrain: x2]
