You know some ppl jus don't know what im talkin bout

But i know you understand
Cuz i know you believe
Baby i believe that you were meant for me
And if there's somebody then baby i believe
That somebody is you
And everything you do
Cuz baby i believe in you
I believe in you

I walk home alone
Waitin by the telephone
All my girlfriends say
Give it up baby give it up
I know that you can see
This was always meant to be
You're my frequency cuz baby i believe

Baby i believe that you were meant for me
And if there's somebody
Then baby i believe
That somebody is you
And everything you do
Cuz baby i believe in you
I believe in you

No they don't understand
Dreamin up a master plan
I know that you can
Give it up baby give it up
And it's a simple rule
You don't wanna play it cool
Lead me like a fool
Cuz ive been leading you

Baby i believe that you were meant for me
And if there's somebody
Then baby i believe
That somebody is you
And everything you do
Cuz baby i believe in you

I believe in you

One love is the prophecy
And i believe it all came way too fast when it came to
me
Can set me free
Surely as one and one is two
Yeah i believe in you
Its what i do

And it seems so real

I was dreaming did you come to me?
Hold me closer for eternity
I believe

Baby i believe that you were meant for me
And if there's somebody
Then baby i believe
That somebody is you
And everything you do
Cuz baby i believe in you
I believe in you

I walk through the world and i see it all
And i never look down in
Case somethin fall
Im off the wall
And i still believe

I believe in you
