I, I, I, iiiii. [x3]

What if I, had chosen to,  
Make a left, when I should have made a right and,  
What if I, followed though,

And chilled with my crew last night.

What if I, took the call and  
Stayed on the phone when I should have been gone.  
And What if I, hadnt turned around and seen you there.  
If I could go back in time,  
To when the stars aligned,

Would I find the strength again to talk to you,  
Walk up to you.  
If I could do it all again,

I wouldnt change a single thing.  
Dont need to compromise, what I feel inside,

Dont need to clarify my position I,

Submit to destiny, so baby come with me,

Lets take it for a ride,

Baby, baby, I, I, I.

And furthermore, if youre looking for,

Someone to be around, baby Im down,  
Lets take it to the point, no need to justify,  
Baby, baby, I, I, I.  
What if we, hadnt been,  
In the same place that very same time and,

What if we, hadnt seen, all the possibilities.  
What if he,

What if she, Stop!

I dont want to think about it,

What if I,

What if I,

Ooh, Never mind.  
If I could go back in time,

To when the stars aligned,

Would I find the strength again to talk to you,  
Walk up to you.

If I could do it all again,  
I wouldnt change a single thing.  
Dont need to compromise, what I feel inside,  
Dont need to clarify my position I,  
Submit to destiny, so baby come with me,  
Lets take it for a ride,  
Baby, baby, I, I, I.

And furthermore, if youre looking for,

Someone to be around, baby Im down,

Lets take it to the point, no need to justify,

Baby, baby, I, I, I. [x3]
