"At The Circus"

Visit "[At The Circus](#)" on MotoLyrics.com

i saw a man whipping lions swallow fire
and a two-headed ballerina puppy
i saw a girl ride a horse covered with diamonds
and a man walk a wire blowing bubbles

please come and get me at the circus
i'm scared and i think i want to leave
there's a man in a leopard skin bikini
and a midget juggling pieces of cheese

i saw some elephants dancing in a circle
balloons, cotton candy and a clown
a family of acrobatic monkeys
and a tattooed lady swallowing a sword

please come and get me at the circus
i'm scared and i think i want to leave
there's a man in a leopard skin bikini
and a midget juggling pieces of cheese

please come and get me at the circus
i'm scared and i think i want to leave
there's a man in a leopard skin bikini
and a midget juggling pieces of cheese
