"Invisible Boy"

i just got in from illinois
i'm the invisible boy
i don't have a plan
don't have a ploy
i'm just an invisible boy

i'm not as brave as evel knievel
i'm not as strong as captain america

it isn't wrong
it isn't right
i'm the invisible boy tonight

reach on over
turn out the light
your visible boy will be out of sight

i'm not as brave as evel knievel
i'm not as strong as captain america

i try to make you notice
but you can't see
past my invisibility
you don't even know me
but you're gonna destroy
my heart of an invisible boy

i'm not as brave as evel knievel
i'm not as strong as captain america

i just got in from illinois
i'm the in visible boy
