"Bullet In The Gun"

Visit "[Bullet In The Gun](#)" on MotoLyrics.com

There's a bullet in the gun
There's fire in your heart
You will move mountains that stand in your path
Till' the end of all time
I'll be by your side
Always dream that I'm yours and I'll dream your mine

X2
Fight fire
With fire
Fight fire
With fire
Fight enemies with love

There's a bullet in the gun
There's a fire in your heart
You will move on mountains that stand in your path
Till' the end of all time
I'll be by your side
Always dream that I'm yours and I'll dream your mine

There's a bullet in the gun
There's a fire in your heart
You will move on mountains that stand in your path

Fight fire
With fire
Fight fire
With fire
Fight enemies with love
