We've been on the run

Driving in the sun

Looking out for number one

California here we come

Right back where we started from

Hustlers grab your guns

Your shadow weighs a ton

Driving down the 101

California here we come

Right back where we started from

California here we come

On the stereo

Listen as we go

Nothings gonna stop me now

California here we come

Right back where we started from

Pedal to the floor

Thinking of the war

Gotta get us to the show

California here we come

Right back where we started from

California here we come (repeat to end
