yo i swear

i swear i miss the times when u would tie me to a chair
and tease me from the back of my neck right up to my
ear

she would have me to herself
she didnt want nobody else
but i

see that was at the time

i see her kissing some other guy underneath the
bridge

i never thought she would have done a thing like this
so im sorry make your way towards the door
and never show your face again beach.
