What We Share Was No Ordinary..

TULISA

I Feel The Same Until You Go And Stab My Heart Like

FASE

OUCH!

TULISA

Six Thirty in the morning, Ive arrived early from tour
Step into the house, im walking up the stairs, 1 step, 2
step, 3 step, 4.

Im on the second floor, I'm opening the door, i could
not brace myself for what i saw
Who's this woman in my bed. "Names Shaniqua and
what"

Na, Get the hell up off my baby

CHORUS

Now she the type of lady that every man needs, shes
straight up feisty,
She keeps me on my feet, but i don't wanna f**k things
by sex
Theres some other hoe in our bed, what are you taking
me for,
To hell with you, to hell with me, Yeah!, i never wanna
see your face again

Where the fuck do you think you is going (going),
I loved you so much but you cheated on me,
What we shared was no ordinary,
I fell the same untill u had 2 go and just tear my heart
like (ouch)

Ha Ha Ha Ha
It use to be the other way around but,
Ha Ha Ha Ha
The story changed my heart is breaking,
Ha Ha Ha Ha
You need to recognize she was just a , (ahh)
Ha Ha Ha Ha
I think its time for me to go

DAPPY

Semi brown skin beauty hat to get it back.
I understand shes upset, she wants to kick and slap
True say im from the slum, i wouldn't never stand for
that
Think Underneath the bridge with that fake looking twat
Now remember when we were financially unstable,
Channel 1 to 5 no sky or cable, had to do some dirty
work in order to be able
To take care of you and put food on the table

FAZER

Actions speak louder then words, i cant blame her for
wanting the worse,
She might be wishing that im dead, but i know she
don't mean it,
Think when i found those nikeys i couldn't believe it
Remember when we had the feds knocking at our door
You took care of the stash and hid the money from the
draw
You done the right thing, they had me up on the floor
So you saved me from getting 5 years or more

CHORUS

Now she the type of lady that every man needs, shes
straight up feisty,
She keeps me on my feet, but i don't wanna f**k things
up (by Sex)
Theres some other hoe in our bed, what are you taking
me for,
To hell with you, to hell with me, Yeah, i never wanna
see your face again

DAPPY

See hows this suppose to solve the situation,
When were both as stubborn as each other

FAZER

We would argue for hours over something dumb
"What the fuck" ssh. conversation done

DAPPY

Our ego trips never use to help us get nowhere,
You should know this by now
When you shout i smile, When you hit me i laugh,
I get all cocky like bitch go run me a bath

TULISA

So you wanna play it like that
But baby i can get back
You Dont wanna feel my Ouch Ouch Ouch
Ive done it before, ill do it again
Just
Leave me alone..

CHORUS

Where the f**k do you think you is going (going),
I loved you so much but you cheated on me,
What we shared was no ordinary,
I fell the same untill u had 2 go and just tear my heart
like (ouch)
