A go go go girl
A go go go girl
A go go go girl

I couldn't keep my eyes off girl her body was sexy
movin
Out of control little hottie steady groovin
Rock star dancing on top of her box rockin
She had me watchin
pop lock and droppin
Face like an angel and a body built for sin
In a room full of 9's little mommy was a 10
And damn I know I just walked in
But I want this go go girl cause I ain't feelin none of
them
She had a swag for days
droppin booty grenades
She love it
yeah and its what she do to get paid
But she wants a dude with a name
She wants a dude with some game
well I got both baby so come get a piece of this fame

It's something 'bout the way she moves it
Ain't no other girl really do it
Cause she do
I like what she do
She's a go go go go go girl
A go go go girl
A go go go girl
A go go go girl

Now when she shake it shake it shake it she shake it so
nasty
But I know underneath that make up she classy
Got them fish nets, booty shorts
Errrynight she wearin them
Rockin blonde wigs lookin better than Marilyn
Addicted like heroin she's a junky for music
She's queen of the night and you can tell by her
movements

And ooh when she moves it it's coming from the soul
Like watching a sunset when you watch her body roll
My god it's out of control smooth and sexual
Might have to make a move and get her in the booth on
my schedule
I-I-I'm the player type I rarely mention these words
I done seen her only once but I want seconds and
thirds
ya heard

She's a rockstar baby
She drives me crazy
when she do
what she do
when she do
what she do
Cause she's a go go go go go go girl (she's a rockstar)
go go go go go go girl
go go go go go go girl (she's a rockstar)
go go go go go go girl

It's something 'bout the way she moves it
Ain't no other girl really do it
Cause she do
I like what she do
She's a go go go go go go girl
A go go go girl
A go go go girl
A go go go girl
She's my go go
She's my go go
She's my go go go go go go girl
yeah yeah
It's something 'bout the way she moves it
Ain't no other girl really do it
Cause she do
I like what she do
She's a go go go go go go girl
It's something 'bout the way she moves it
Ain't no other girl really do it
Cause she do
I like what she do
She's a go go go go go go girl
go go girl
