"Run To You"

I've been living for so long,
Still so long is there left to go.
I can't help feeling that what I've done
Has carved a canyon in between us.

Whatever I say will never change what the truth is.
You are the same, You loved me before I knew this.

Now I'm running out of things to say.
I come to You, I run to You.
I'm the only one that's in my way.
Got nothing left to do but run to You.
And if I fall on my face, I fall on Your grace.
I've got no excuse, I just come to You.
I run to You, I run to You, yeah.

Now Your healing has become the only source to my
relief
And all this pressure is undone, and from my sin I am
released.

Whatever I say will never change what the truth is.
You are the same, You loved me before I knew that You
existed.
I knew that You existed.

Now I'm running out of things to say.
I come to You, I will run to You.
I'm the only one that's in my way.
Got nothing left to do but run to You.
And if I fall on my face, I fall on Your grace.
I've got no excuse, I just come to You.
I run to You, I run to You.

I can never let You down, cause I never held You up, no
I can never let You down, cause I never held You up, oh
no
You take me by the shoulders and You hold me up,
yeah
I can never let You down, cause I never, no I never held
You up

Now I'm running out of things to say.
I'm tired of running anyway.
I'm the only one that's in my way.
And I've got nothing left to prove.

See I'm running out of things to say.
I come to You, I will run to You.
I'm the only one that's in my way.
Got nothing left to do but run to You.
And if I fall on my face, I fall on Your grace.
I've got no excuse, I just come to You.
I run to You, I run to You.

I can never let You down, cause I never held You up,
I can never let You down, cause I never held You up,
You take me by the shoulders and You hold me up,
yeah
I can never let You down, cause I never held You up
Oh yeah, yeah
Oh yeah
