I look back on Venus
I look back on Mars
And I burn with the fire
Of ten million stars

Yo, I'm bout to climb, to the top of the mountain
yeah I'm on it and it's ...for number one opponent
fear, had alone,...no excuses so good morning
you want it, then hop on it..
don't stop, man I never will
Number one is inevitable, talent is incredible
Presence is unforgettable
Rock with me, ...keep rock with the other guys
Coolest chick you know, and I'm pretty as butterflies
... a lot of rappers...
But do not envy me, I'm just destined to be president
Hip hop answering, it's evident
I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'm hotter than 10 million stars, ta da, ta da
I'm hotter than 10 million stars, ta da, ta da
I told you I'm hotter than 10 million stars, ta da, ta da
We're hotter than 10 million stars

I thought I told you, better yet let me just show you
My style was just... look at me I'm known for flipping it
Paper plastic, known for ripping it,
... feeling they song, letting them know I'm winning it
Y'all don't even seen a million stars yet
Do you have any idea how hot a million stars get ?
Burning like a ... schooling out her words
... bam, for like a sledge hammer when I hit you...
I'm about to serve the whole world give them what they
missing
I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'm hotter than 10 million stars, ta da, ta da

I'm hotter than 10 million stars, ta da, ta da
I told you I'm hotter than 10 million stars, ta da, ta da
We're hotter than 10 million stars

10 million stars, still counting, I ain't even counted
them all
10 million stars, still counting, I ain't even counted
them all
10 million stars, still counting, I ain't even counted
them all
10 million stars, still counting, I ain't even counted
them all

I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'ma let them sing to you, let me ...
Let it get in your heart, do you get the picture
I'm hotter than 10 million stars, ta da, ta da
I'm hotter than 10 million stars, ta da, ta da
I told you I'm hotter than 10 million stars, ta da, ta da
We're hotter than 10 million stars.
