(Feat. Dontae)

I had an epiphany,  
They say it is meant to be  
It should have happened eventually  
How about we give it a, start?  
Let's go!  
Promise that you won't be gone for long, for long  
It's tempting, don't you wanna, so let em know!

Chorus:  
Where we gonna ride, ride?  
Through the night, and through tomorrow we'll be gone  
Ride, ride, ride  
Let em know if that is the problem!  
Oh, oh, oh through the night, through tomorrow!

I hear what you're saying baby  
You know that they gonna put it on ya  
And it ain't gonna be hard for me  
So .. when I get that ,  
You know how we do, we gonna be going harder  
Hard in the bed, straight beating, beating, beating  
Like them speakers in my trunk first  
First round, second round, third, when we gonna be ,  
Girl, I'm gonna be gypsy driving, ..

Chorus:  
Where we gonna ride, ride?  
Through the night, and through tomorrow we'll be gone  
Ride, ride, ride  
Let em know if that is the problem!  
Oh, oh, oh through the night, through tomorrow!
