Visit "[Burns Away](#)" on MotoLyrics.com

We went on our separate ways, there's nothing more
for me to say

We reached the point where giving up and going on
are the same dead end

All our hopes for something more were just games to
pass the time away

and I don't wanna live that lie, there's really nothing
more to say

Everytime I picked you up you ran through my clutching
hands

Cut back, left behind I watched you, what made you so
scared?

Self destructive, lost perspective of what once was us

We lit the candle at both ends and it slowly burns away

I am thing of you less as time goes by

I'm cleaning up the mess you left behind in this
confusing state of mind

I hope you found what you were looking for, 'cause I'm
not bitter

I just found a way to see things clearer, a way to
understand

[repeat chorus]
