Gather 'round ye sinners and a story I will tell  
About a man o'plenty that we all know very well  
He doesn't mind a sacrifice to save his pretty face  
He'll deicide and conquer, repaint and erase  
Anything, anyone, he leads the human race  
Raise the stars and stripes and steal the fire from  
Saddam  
Cut off his people's medicine and food supplies and  
give matches to them

But if he doesn't take the blame, who will they  
condemn?  
Little Caesar/Uncle Sam, feeding the mouth that bites  
you  
Little Caesar/Uncle Sam, Orwell knew that you'd be  
eaten by your ham

The king is dead, long live the king  
Little Caesar/Uncle Sam, Brutus is waiting in the wings  
Since I wrote the first verse, ol' Bill has been dropping  
bombs  
On middle eastern terrorists  
Guess we all know what comes around comes around  
Soon those bombs will be homeward bound  
Bounties of America will be laid to waste  
They may win the FU cup but drinking from it leaves a  
sour taste

In the mouth of ... [repeat chorus]
