Cliff Barnes

where would you have been

if j.r. wouldn't have been there

with his dollar grin ?

What would you be doing ?

Would you be screwing a wing ?

[Chorus:]

Mr president

save our human rights

Mr president

save us from the night

Digger Barnes

that's his old man

He once dated miss Ellie

but he lost again

that's where it all began

But Cliff, you're still my captain

captain my captain

[Chorus]
