I look around
So many girls, so little time
but time's the last thing on my mind
and I see that the sun still shines
I hear the sound
of punk in your car radio
of the ramones "glad to see you go"
and then I fall in love with you

[Chorus:]

boppin' to the beat - son of a beach
everybody's in heat - son of a beach
sand beneath my feet - son of a beach
boppin' to the beat - son of a beach
By the sea
you're lying next to me
drinkin' beer and feelin' free
I love it when you're strokin' me

[Chorus]
