you make me feel unreal  
you're hallucinatory  
i'm insatiable  
you make me nauseous and hot  
you're inflammatory  
i'm inflammable

i don't want another love match  
but you gave me an itch i can't scratch  
you make me believe i can fly from the 11th storey

so tell me, can i call this love?  
or call it ecstasy?  
what's happening to me?

stir up my blood  
fuck reality  
render me xstatic  
teach me how to see by giving me shades

help me reverse the laws of gravity  
render me xstatic  
help me change my mind  
and cut off any braids  
cut off my braids

release me  
increase me  
xstatic

little hands beat as hard as my heart  
except when i miss you  
and i'm down and out  
over and over i hit the floor  
wishing to kiss you  
it's the same old pout

you got me hooked from the start  
and you tore right into my heart  
now i'm free to do what i want  
as long as i'm with you
