Wages are falling
Conditions are worsening
As the capitalist system approaches its doom
We have nothing
Wages are falling
Conditions are worsening
As the capitalist system approaches its doom
We have nothing to lose

We have nothing to lose but our chains
Lose but our chains
We have a world to gain
We have a world to gain a world to gain
We have nothing to lose but our chains
We have a world to win
We have a world to win
A world to win

We have nothing to lose
We have nothing to lose
We have a world to win
We have a world to win
We have nothing to lose
We have a world to win

Capitalist crisis means
Conditions are excellent
To rouse the masses of people
For revolution
Capitalist crisis means
Conditions are excellent
To rouse the masses of people
For revolution we have a world to win

Last Time
There is every thing to do
