We got a party right here  
Bacardi or beer  
Whatever is your choice  
It's fun for the girls and boys  
Tell your girl to come here  
It's the Nuts World Premiere  
Exclusive don't overdose and abuse it  
This music is like ecstasy  
I got the recipe, the remedy  
Please don't cock block like a referee  
Blast off into space  
Who's in the place to be?  
The world's famous Beatnuts and the Four Forty  
Let's go

New York, New York is what the people in the clubs say  
Beatnuts they get it packed like the subway  
Keep movin' no standin' around  
All the ladies put your coats and your bags on the  
ground  
Let's go have a drink baby see what you feel  
It's Apollo and tonight we're gonna party for real  
C'mon fine woman won't you back that thing up  
There's a party in my pants baby pop that thing up

You know and I know and you know and I know  
It's Juju and psycho, it's Juju and psycho  
And you know and I know and you know and I know  
We party we bullshit we party we bullshit

What you say?  
Cause it sounded like 'more champagne'  
And there's plenty more from where that came  
Get your mind right enjoy life in the limelight  
I'm imported unstoppable and I rhyme tight  
Guarantee you we're gonna rock the show  
Get the money and the girls and we have to go  
Apollo Four Four O you gotta know  
Ha ha! We're gonna blow

Work it out mama let me see your fatty shake  
Let me smack it up like patty cake

This is the jump off  
So don't try to jump the gun  
And jump the broom  
Try to block my jump shot  
Stick to the jump rope  
Reign of the tech  
Smell the gunsmoke, don't choke  
I like cities with bitties with titties like Britney's  
That smoke out like hippies  
Get drunk and striptease  
And never turnin' down the quickies  
Hit me

New York, New York is what the people in the clubs say  
Beatnuts they get it packed like the subway  
Keep movin' no standin' around  
All the ladies put your coats and your bags on the  
ground  
Let's go have a drink baby see what you feel  
It's Apollo and tonight we're gonna party for real

There's a party over here  
There's a party over there

Here we go - one more time  
You know and I know and you know and I know  
It's Juju and psycho, it's Juju and psycho  
It's Juju and psycho, it's Juju and psycho  
And you know and I know Apollo Four Four O  
We like to party and party and party and party  
And bullshit and bullshit and bullshit and bullshit  
And party and party and party and party  
And bullshit and bullshit and bullshit and bullshit

All we do is party and bullshit  
You know what I'm sayin'?  
Apollo Four Four O  
The Beatnuts  
When we in the party baby,  
Shit is poppin', y'heard?  
Dude descending a staircase
