Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Your consciousness is
The only censorship
Your consciousness is
The only censorship

You wake up
You shut down
You wake up
You shut down

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

Love is a virus
It breaks your system from within
Love is a virus
It breaks your system from within

Your consciousness is
The only censorship
Your consciousness is
The only censorship

Time is a jet plane
My life is burning up
Time is a jet plane
My life is burning up

Pain is a close up
And happiness a long shot
Pain is a close up
And happiness a long shot

You wake up
You shut down

You wake up
You shut down

Your consciousness is
The only censorship
Your consciousness is
The only censorship
