[Hook]

Southside, what it do right now  
Northside, what it do right now  
Eastside, what it do right now  
Westside, what it do right now

[Big Pokey]

Say, what it is right now  
The Pit on the track, showing skills right now  
11 Field, gravy and grill right now  
We getting the whole dollas, they feel right now  
It's real right now, I chill right now  
Post up in Cali, in the hills right now  
This is for my uncles, in the fields right now  
Swanging the agony, in tears right now  
It's bills right now, the first of the month  
I got...right now, the poppers come  
R.I.P. to pop, and I pop the trunk  
You gon see me pop, if I cop the pump  
Pump it and can't rap, got the pump  
Cause the hard top 6-4, got the jump  
Falls gator on six 12's, got the thump  
Got gators in my closet, like I copped the swamp  
I got the stunt, I'm a mother mother stunner  
I might rock the gators, might rock the iguana  
Shark tank in the wall, next to the purrana  
Anaconda overweight, cause I feed him lasagna  
But remember how I done it, cause I bring the pain  
Stain in the brain, unlock, aim and rain  
I can't complain, I control the budget  
Promotion and market it, control the public  
...Ain't broke, cause I roll a bucket  
How you gon stick to the script, you ain't chose a  
subject  
Burn proof, c.d.'s for them...who done it  
M.O.B. style, you suppose to love it

[Hook - 2x]

[Chris Ward]

I'm trying to get my money a mile high, stack on stack

Watch the Lac, the trunk gon crack and it's black on  
black  
You get dirt to jack my advice, it's back on back  
Hmmm I...around, and get your back blown back  
You see, we Mobstyle, Pro Bowl  
This icy chain giving hatas, the coldest shoulders  
Communicators Nextel, two way Motorolas  
It ain't a jail cell, that I know can hold us  
This is the City of Syrup, like Big Moe done told ya  
I got a ounce of...plus a fo' and a soda  
I go hard when I'm...but I can still go when I'm sober  
If you think that's a rap, I got more in my folder  
You need a...I'm fresh out, I just sold a..  
You wanna go to war...it, I'll show you a soldier  
If it ain't the wide frame, I'ma roll the Rover  
And if you get in my lane, I'ma roll you over  
I stank like...cause I stay blowing on..  
I only do features for change, and mo' exposure  
Look if I don't know you, I ain't trying to know you  
To see my glock, you gotta get..

[Hook - 3x]
