Each day thru my window
I watch her as she passes by
I say to myself
I'm such a lucky guy
To have a girl like her
It's truly a dream come true
Out of all the fellows in the world
She really belongs to me (you)

Chorus

But it was just my imagination (once again)
Running away with me (tell me)
It was just my imagination
Running away with me
Can't you see, you and me
How'bout it, you and i?
You and me
A summer breeze
I'm such a luck guy
Soon we'll be married
And raise a family
A cozy little home
Out in the country
With two children
Maybe three
See i can visualize it all
This couldn't be a dream
For too real it all seems
Chorus

My father which art in heaven / (every night how i needs
a pray)
Dear lord hear my plea
Don't ever let another take her
Love from me
For i would surely die
Heavenly when her arms enfold me
I hear a tender rhapsody
But in reality
She doesn't even know me

Chorus

I never met her but i can forget
It was just my imagination
Running away with me
