And the sun will find us all, eventually, eventually
And the sun will find us all, eventually, eventually
And the sun will find us all, eventually, eventually
And the sun will find us all.....

Grab your suitcase, pack your bag
And you're obviously lost
And the sun will help you out
In the depths of your despair

When you're down and all about
You can remember what I said
On top of the world but what you see
Is not what's in your

And the sun will find us all, eventually, eventually
And the sun will find us all.....

Take me from this horrid land
Give me something worth a smile
And if you fail to find me there
I will wait here for a while

(And) if you're blinded from the light
Left alone in a cold,cold world
Just remember what I told you
The sun will always guide

And the sun will find us all, eventually, eventually
And the sun will find us all, eventually, eventually
And the sun will find us all.....

Through with practically
And the demons grieve
Whoa oh oh
Face reality
And you plainly see
Whoa oh oh

And the sun will find us all, eventually, eventually
And the sun will find us all, eventually, eventually

And the sun will find us all, eventually, eventually
And the sun will find us all....
