You are gonna have to bring me down  
Pick me up and lift me from the ground  
Pull me down so deep i nearley drown  
And what i've looked for i have found

You are gonna have to bring me down  
Strip me of my pride and of my crown  
Take me from this place with out a sound  
And girl when you are not around

fly fly fly flying away for now  
And we'll be fly fly fly flying away for now  
And we'll be fly fly fly flying away for now  
And we'll be fly fly fly flying away for now

You are gonna have to bring me down  
In a world a layer I have found  
I cannot see you where I'm bound  
Staying up is far away somehow

Fly Fly Fly flying away for now  
and we'll be fly fly fly flying away for now  
and we'll be fly fly fly flying away for now

You just want to be some other guy  
Don't believe especially and want me to cry  
But I wont let because im not a regular guy  
No I wont do so because im not a regular guy

fly fly fly flying away for now  
and we'll be fly fly fly flying away for now  
and we'll be fly fly fly flying away for now  
fly fly fly flying away  
flying away  
flying away
