I know I let you down  
Always thought you could count on me  
And now it's turned around  
I'm the one who ended up weak  
I had it figured out, had no doubts  
Why do I care?  
Now something had to change  
And I feel strange  
I'm back here again

I'm sorry, I did everything that I could  
You know that my intentions always were good  
It seems like everything I do turns out bad  
I'm sorry, it's the only choice I had

I heard it from your friends  
I'm pretending, not what I seem  
The difference wondering what you say and do is  
confusing me  
I had a dream about being asleep, but then I woke up  
And said today will be so different  
But I think I fucked up

I'm sorry, I did everything that I could  
You know that my intentions always were good  
It seems like everything I do turns out bad  
I'm sorry, it's the only choice I had

I'm drivingâ€¦ can't find me  
Been lookingâ€¦ behind me  
Been havingâ€¦ the worst luck  
Maybe I'llâ€¦ just give up now

I'm sorry, I did everything that I could  
You know that my intentions always were good  
It seems like everything I do turns out bad  
I'm sorry, it's the only choice I had

I heard it from your friends  
I'm pretending, not what I seem  
The difference wondering what you say and do is

confusing me  
I had a dream about being asleep, but then I woke up  
And said today would be so different
