The bills are piling up and I can't pay them
Videos overdue and I delay them
Find a way another day
But now on wait a while

You'll never catch me counting on tomorrow
The future's missing and it's ours to borrow
So keep on moving while the sun's on our face
It's never later, I'm dying for today

Is it just me or is there no one listening?
Did you get what you want from all your wishing?
Find a way another day
But now on wait a while

Every moment has to end
All our time will soon be spent
Some days I've just had enough
And still go on

The bills are piling up and I can't pay them
Videos overdue and I delay them
Find a way another day
But now on wait a while

You'll never catch me counting on tomorrow
The future's missing and it's ours to borrow
So keep on moving while the sun's on our face
It's never later, I'm dying for today
You'll never catch me counting on tomorrow
The future's missing and it's ours to borrow
So keep on moving while the sun's on our face
It's never later, I'm dying for today
You'll never catch me counting on tomorrow
The future's missing and it's ours to borrow
So keep on moving while the sun's on our face
It's never later, I'm dying for today
