Wrap her in my arms, hold her so tight
Never wander out of my sight
She's a good, good girl
She's a real fine girl
She's my everything in this world

It's gonna be a fine, fine day
It's gonna be a good, good day, oh yes indeed
Because I have a girl like you by my side
That's all I need

A girl like you
A girl like you
I need a girl like you

Words cannot describe the way I feel inside
When I'm by your side
To kiss and caress, that's what I like doing best
Come on baby let's put our love to the test
It's gonna be a fine, fine day
It's gonna be a good, good day, oh yes indeed
Because I have a girl like you by my side
That's all I need

Wrap her in my arms, hold her so tight
Never let her figure leave my side
Bites on the neck, kiss on the flesh
Melt down by the heat of her breath
She is a good, good girl
She is a real fine girl
She's the light of my world
A girl like this, she is worth two
A girl like this, and this girl is you
It's gonna be a fine, fine day
It's gonna be a good, good day, oh yes indeed
Because I have a girl like you by my side
That's all I need

Wrap her in my arms, hold her so tight
Never let her figure leave my side
Bites on the neck, kiss on the flesh

Melt down by the heat of her breath
â€¦
A girl like this, and this girl is you
