I was alone  
I was logged in on AOL  
I thought my life was going well  
In my chat room  
You sent me an e-mail saying "Hi"  
How do I know you're not a guy?  
You think I'm cute

Angel, I have never seen you  
Angel, there is nothing to lose  
My girl, I am always with you  
Angel, with you

What can I do?  
The way that you type just turns me on  
I fall apart when you are gone  
When you're offline  
Please, know this isn't make believe  
All your words are on my screen  
This is the truth

Angel, I have never seen you  
Angel, there is nothing to lose  
My girl, someday I'll be with you  
Angel, with you

You live so far away  
And I've never seen your face  
But still I think I need you the same  
Angel, do you exist in more than 16 bits?  
Am I a lunatic?  
Make me sane

Damn  
All of my friends don't understand  
They think I'm in love with my hand  
They don't know you  
Girl, I will write this melody  
And send it to you by mp3  
I'm inside you

Angel, I have never seen you  
Angel, there is nothing to lose  
My girl, someday I'll be with you  
Angel, with you

Angel, I have never seen you  
Angel, there is nothing to lose  
My girl, I am always with you  
Angel, with you  
Angel, with you...
