I hold you in my arms
And you pretend to cry
Not that I really care
I pretend it's only good-bye
You think you've hurt me so
I've already let you go
But can we just pretend for now

Nothing I won't say
Cause I know that both of us got played

I know this isn't real
And it will die with time
Keep talking 'bout tomorrow
I'll feel better hearing lies
I don't care what they say
I'd rather live today (they can't stop us anyway)
So can we just pretend for now

Nothing I won't say
Cause you know that both of us got played
Nothing I won't do
Nothing I won't say
Cause you know that both of us got played

Oh! so don't say never! oh...you dream
forever! you get what you asked for!
Move on

This time it feels for real
That's what you tell yourself
That's what you'll say tomorrow when you're out with
someone else
You know I'd rather be free and you don't really need
me
But can we just pretend for now

Nothing I won't say
Cause you know that both of us got played
Nothing I won't do
Nothing I won't say

Cause you know that both of us got played
You know I'd rather be free and you don't really need
me
But can we just pretend for now
You know I'd rather be free and you don't really need
me
But can we just pretend for now
